EDUCATION

University of Illinois Urbana-Champaign, IL, USA — Aug 2023 – May 2029 (expected)
- *Ph.D.*, GPA: 3.96/4.0
- *Master of Science in Architectural Studies*, GPA: 4.0/4.0

Ajou University, Suwon, Korea — Mar 2014 – Feb 2022
- *Bachelor of Architecture* (Intensive Major Course), GPA: 3.7/4.5

PROFESSIONAL EXPERIENCE

Research Assistant — Dec 2023 – May 2026
The Responsive Architecture Lab, University of Illinois Urbana-Champaign
- Applied machine learning and retrieval-augmented **large language models** to analyze energy consumption patterns and generate structured insights from technical documents for building retrofit decision support.
- Developed data-driven methods to evaluate building energy performance using smart thermostat data, including analysis of HVAC system sizing suitability and operational efficiency.
- Built and calibrated building energy simulation models using **DesignBuilder** and **EnergyPlus** to support performance evaluation and potential energy savings analysis.

Retro-Commissioning Team — May 2024 – Aug 2024
Facilities & Services (F&S), University of Illinois Urbana-Champaign
- Analyzed energy consumption trends in on-campus buildings and handled HVAC system plans.
- Built and calibrated energy models of campus buildings using **eQUEST**.

Teaching Assistant — Aug 2023 – Dec 2024
School of Architecture, University of Illinois Urbana-Champaign
- Instructed 12 graduate students on the use of **DesignBuilder** for building energy simulation.
- Taught 15 undergraduate students and served as the supplemental instructor for weekly design sessions.

Researcher — Feb 2023 – May 2023
Urban & Building Energy (UBE) Lab, Ajou University, Suwon, Korea
- Derived new regional heating and cooling start temperatures from building energy usage data to replace the existing balance point temperature.

Undergraduate Researcher — May 2020 – Aug 2021
Urban & Building Energy (UBE) Lab, Ajou University, Suwon, Korea
- Researched ways to expand and promote the use of the building energy performance information disclosure system.
- Verified energy efficiency diagnosis and retrofit technologies for existing public buildings.

MILITARY SERVICE

Sergeant Mar 2016 – Dec 2017

Republic of Korea Army, Inje-gun, Gangwon, Korea

- Completed compulsory military service as an administrator and field engineer; honorably discharged.

EXTRACURRICULAR ACTIVITIES

Korean Student Association (KSA) Dec 2023 – Dec 2024

University of Illinois Urbana-Champaign

- Supported corporate recruiting events, attracted corporate sponsors, and organized academic exchanges between universities in the Midwest.

Student Ambassador (GAIA) May 2014 – Oct 2015

Ajou University, Suwon, Korea

- Carried out briefing sessions on admissions procedures and campus tours.

SKILLS

- **Programming:** Python, R (RStudio)
- **Building energy simulation:** EnergyPlus, DesignBuilder, OpenStudio, eQUEST
- **Design:** SketchUp, Rhino, AutoCAD
