MYEONGWON CHAE

Champaign, IL, USA

Education

University of Illinois, Urbana-Champaign, IL, USA — Aug. 2023 – May 2029

- *Ph.D.,* GPA: 3.96/4.0
- *Master of Science in Architectural Studies,* GPA: 4.0/4.0

Ajou University, Suwon, Korea — Mar. 2014 – Feb. 2022

- *Bachelor of Architecture* (Intensive major course), GPA: 3.7/4.5

Professional Experience

Research Assistant, The Responsive Architecture Lab, University of Illinois, Urbana-Champaign — Dec. 2023 – May 2026

- Applied machine learning and retrieval-augmented **large language models** to analyze energy consumption patterns and generate structured insights from technical documents for building retrofit decision support.
- Developed data-driven methods to evaluate building energy performance using smart thermostat data, including analysis of HVAC system sizing suitability and operational efficiency.
- Built and calibrated building energy simulation models using **DesignBuilder** and **EnergyPlus** to support performance evaluation and potential energy savings analysis.

Retro-Commissioning team, F&S team, University of Illinois, Urbana-Champaign — May 2024 – Aug. 2024

- Analyzed energy consumption trends in on-campus buildings and handled HVAC system plans
- Modeled and calibrated building energy for buildings on campus using **eQUEST**

Teaching Assistant, School of Architecture, University of Illinois, Urbana-Champaign — Aug. 2023 – Dec. 2024

- Instructed 12 graduate students on the use of **DesignBuilder** for building energy simulation
- Taught 15 undergraduate students and served as the supplemental instructor for weekly design sessions

Researcher, Urban & Building Energy (UBE) Lab, Ajou University, Suwon, Korea — Feb. 2023 – May 2023

- Derived new regional heating and cooling start temperatures by using building energy usage data to replace the existing balance point temperature

Undergraduate Researcher, Urban & Building Energy (UBE) Lab, Ajou University — May 2020 – Aug. 2021

- Researched to disclose building energy performance information disclosure and expanded and revitalized utilization system
- Proved energy efficiency diagnosis and remodeling technology for existing public buildings

Honorable Discharge as a Sergeant, Republic of Korea Army, Inje-gun, Gangwon, Korea — Mar. 2016 – Dec. 2017

- Completed compulsory military service as an administrator and field engineer

Awards and Honors

- **Fellowship***,* Clarence T Paul Fellowship, Illinois, USA — Aug. 2025
- **Scholarship***,* JAQ'D Architecture Scholarship, Illinois, USA — May 2024
- **Fellowship***,* Munju Scholarship Foundation, Seoul, Korea — Feb. 2021
- **Dean's List***,* Ajou University, Suwon, Korea — Feb. 2021
- **Grand Prize Award***,* An Idea Contest to Revitalize the Space of Smart Green Student Plaza, Ajou University, Suwon, Korea — Oct. 2020
- **Encouragement Award**, 2019 Central Urban Regeneration Candidates University Student Architecture Urban Studio, Korean Society of Urban Planning, Seoul, Korea — Nov. 2019

Extracurricular Activities

Korean Student Association (KSA), University of Illinois, Urbana-Champaign, IL, USA — Dec. 2023 – Dec. 2024

- Supported corporate recruiting events, attracted corporate sponsors, and organized academic exchanges between universities in the Midwest.

Student Ambassador (GAIA), Ajou University, Suwon, Korea — May 2014 – Oct. 2015

- Carried out briefing sessions for admissions procedures and campus tours

Skills

- Python, EnergyPlus, DesignBuilder, OpenStudio, eQUEST, SketchUp, Rhino, AutoCAD
